SUMMARY

Recent BS Information Technology graduate with internship experience in full-stack web development, UI/UX design, and quality assurance. Skilled in building responsive web applications with Next.js, React, TypeScript, and Supabase, with a working foundation in relational databases and Agile team collaboration. Approaches new challenges with humility and a strong willingness to learn, with the goal of growing into a well-rounded Software Engineer.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, PHP, Java, C#, Python
Frameworks/Libraries: React, Next.js, Laravel (MVC), Node.js, Express.js, Vite.js, Tailwind CSS, Bootstrap
Databases & Cloud: MySQL, PostgreSQL, Prisma ORM, Supabase, XAMPP, Hostinger, REST API Integration
Tools & Platforms: Git, GitHub, Vercel, Figma, Notion, ClickUp, Trello, Jira, Monday.com
Quality Assurance: Bug Checking, Design Review, Layout Inspection based on ISO/IEC 25010:2014

EXPERIENCE

Advisor Support Associate (ASA) Intern / Full-Stack Developer (Volunteer) June 2026 – July 2026
Sun Life of Canada (Philippines), Inc. — Phoenix Palm Branch (Team Padua) Quezon City, Philippines

- Built and deployed the Team Padua Client Management Portal using Next.js, React, TypeScript, Tailwind CSS, and Supabase (PostgreSQL), hosting the app on Vercel to centralize advisor workflows.
- Implemented user authentication and role-based access control for Admin, Advisor, and Intern accounts, integrating real-time data syncing with Supabase to keep records consistent across users.
- Developed core platform features — client servicing tracking, task management, attendance monitoring, automated birthday greetings, a prospect tracker (CPST), an analytics dashboard, and internal messaging — consolidating advisor tools into a single system.

Website UI/UX Designer (Volunteer) Mar 2026 – June 2026
Alpha Centauri Garments (Apparel Brand) Quezon Avenue, Philippines

- Designed responsive web interfaces in Figma and collaborated with front-end developers to implement designs as functional web pages.
- Maintained design specifications and component documentation in Notion and ClickUp, streamlining handoff and test coordination with the development team.

QA & UI Support Intern (Volunteer) April 2026 – June 2026
BoxHive Digital Solutions (Digital Tech Agency) Quezon Avenue, Philippines

- Tested UI layouts on web application designs and reported usability issues to improve interface consistency.

PROJECTS

Groove — Full-Stack Developer & Capstone Lead Mar 2025 – Nov 2025
Academic Capstone Project, STI College San Jose del Monte

- Led a 3-person team to build Groove, a platform connecting artists, studio owners, and coaches, following Agile practices and ISO/IEC 25010:2014 quality guidelines.
- Implemented role-based access control, Google Maps API integration, and an AI chat assistant based on requirements gathered from 152 survey participants.
- Designed the database schema and system architecture, and tested the application to confirm stability before submission.

REEFER Clothing — E-Commerce UX Ecosystem Mar 2026 – May 2026

- Designed wireframes, user flows, and a Figma component library for an e-commerce platform, ensuring consistent, responsive layouts across the site.

EDUCATION

Bachelor of Science in Information Technology (BSIT) Aug 2022 – July 2026

STI College San Jose Del Monte, Bulacan, Philippines

General Weighted Average (GWA): 2.15

Relevant Coursework: Application Development & Design, Systems Analysis, Relational Database Frameworks, Advanced Programming, OOP, Information Security

Certifications: Google UX Designer (May 2026) · Accenture Skills Training — Technology Fundamentals & Digital Skills (Nov 2025)
